K-LITE presents architectural lighting solutions for outdoor environments

• New Delhi – K-LITE showcased its portfolio of architectural luminaires and lighting poles for landscape, façade and outdoor applications. Established in 1977, the brand's range includes wall washers, bollards, pathway lights, underwater luminaires and façade lighting systems, developed with energy-efficient LED technology and engineered for demanding outdoor environments with high IP and IK ratings. Designed to balance functionality with architectural aesthetics, the lighting solutions cater to public spaces, walkways and urban landscape projects.
